

Appl. No. 10/031,040
Amdt. Dated December 12, 2003
Reply to Office action of June 13, 2003

Amendments to the Specification:

Please amend the second full paragraph on page 2 (lines 14-17) as follows:

The stability is still better if the upper portion is ~~higher~~ erected at the rear of the horizontal portion, and particularly if the suspension element of the deflector is located in front of the upper portion.
